- Used Oil Processors and/or Re-refining Facilities are addressed in Utah Standards for the Management of Used Oil, R315-15.
- This form shall be used to apply to the Utah Division of Solid and Hazardous Waste for a permit to act as a Used Oil Processor and/or Re-refining Facility within Utah.
- This form must be signed by the company owner, or the designated representative.
- A one-time permit filing fee of \$100 AND an annual used oil handler certificate fee of \$50 is required and must be attached with each permit application. The annual used oil handler certificate fee is valid only for the calendar year and must be renewed in December of each year.
- The permitted owner or operator of the facility shall notify the Division of Solid and Hazardous Waste in writing of any changes in the information submitted on the original registration within 20 days of the change.

DEFINITIONS

- **USED OIL** - any oil, refined from crude oil or a synthetic oil, that has been used and as a result of that use is contaminated by physical or chemical impurities.
- **USED OIL PROCESSOR** - a facility that processes used oil.
- **PROCESSING** - a chemical or physical operation designed to produce from used oil, or to make used oil more amenable for production of:
 - a. gasoline, diesel, and other petroleum derived fuels;
 - b. lubricants; or
 - c. other products derived from used oil.

Processing includes:

- a. blending used oil with virgin petroleum products;
- b. blending used oils to meet fuel specifications;
- c. filtration;
- d. simple distillation;
- e. chemical or physical separation; and
- f. re-refining.
- **USED OIL RE-REFINER** - any person who re-refines used oil to remove its physical and chemical contaminants.
- **RE-REFINED OIL** - used oil which is re-fined to remove the physical and chemical contaminants acquired through use which, by itself or when blended with new oil or additives, is substantially identical or superior to new oil intended for the same purposes.
- Permitted used oil processors and re-refiners shall maintain a complete record of all analyses and transactions, documented by reproducible receipts for three years; and, upon request, make available to the Division for inspection or photocopying, all applicable analyses, records, and receipts for purposes of review and audit.
- Permitted used oil processors and re-refiners shall submit an annual report to the Division of Solid and Hazardous Waste of activities during the calendar year. The annual report shall be submitted to the Division no later than March 1 of the year following the reported activities.
